Southern Youth Darts will hold all personal data on its computer database and/or in paper format for its records. This information may be accessed, reviewed and used by Southern Youth Darts for administrative purposes only.

GDPR & Data Retention

Southern Youth Darts is committed to protecting and respecting the privacy of its members. For any personal data you provide for the purposes of your membership, Southern Youth

Darts is the Data Controller and is responsible for storing and otherwise processing that data in a fair, lawful, secure, and transparent way. Please see our separate Privacy Policy for further clarification.

Membership

There shall be no minimum age for a player to register for a County, but each County is required to use discretion when registering players.

Players attaining the age of 18 years on or before 1st September in any season who are registered with a county shall be eligible to continue to play for that County but will only be eligible to play in the Under 21 section. No player over 21 years of age before and including 1st September in any season will be eligible to register to play for a County.

All Counties are required to inform the League Secretary by email BEFORE a match where a new player has been signed on, this must include the players name, age and D.O.B. Failure to comply with this may mean that points won by these players will be removed.

Member Responsibilities

Committee/Operating Group

It is recommended that all member counties form their own committee or operating group with their own constitution and develop their own policy documentation in support of this. As a minimum, each member county should have in place a 'code of conduct' statement or policy.

Child Protection/Safeguarding

Southern Section acknowledges the duty of care to safeguard and promote the welfare of children and is committed to ensuring safeguarding practice reflects statutory responsibilities, government guidance and complies with best practice.

Southern Section has a child protection policy statement (*Appendix 1*)

All member counties have a legal and moral obligation to hold 'Enhanced' Disclosure and Barring Service (DBS) checks for all adults working with them in any capacity, whether paid or unpaid. These must be for The Southern Youth and must be provided to The Southern Youth Darts Child Protection Officer as soon as they are completed. These must be carried out before the person is allowed direct contact with the relevant children and/or vulnerable adults.

DBS checks will be carried out via our Child Protection Officer

Further information on DBS checks can be found at <https://www.gov.uk/dbs-checkhttps://www.gov.uk/dbs-check-requests-guidance-for-employersrequests-guidance-for-employers#volunteer-applications>

Social Media

Many people now use the internet and social media to communicate with others. This brings important new opportunities for our work but also potential risks and challenges. As a result, we want all members to be clear about how we expect everyone to conduct online communication and a separate Social Media Policy has been drawn up which should be followed by all member Counties (*Appendix 2*).

The Southern Youth will also follow the *Social Networks/Social Media Services* regarding any social media services (*Appendix 3*).

Code of Conduct

The Southern Youth is committed to safeguarding its members. All members are subject to this Code of Conduct. Any breaches of these rules or a general code of conduct expected of members, will be classed as a Disciplinary Offence and subject to disciplinary proceedings (*Appendix 4*)

Finance (Bonds, Fees, Fines, Programme Fees)

Payments

Cheques will no longer be accepted. All payments must be made by Bank Transfer.

Bond

All Counties joining the Southern Youth will be required to pay a Bond which currently stands at £100 per team. This bond shall be paid in full prior to the mid-season meeting by the respective County. The bond may be paid in instalments providing the full amount is paid prior to the mid-season meeting – this arrangement must be agreed in advance with the Southern Section Treasurer.

The bond will be held for the duration of the County's membership of The Southern Youth. When a County terminates their membership of The Southern Section the bond will be repaid in full providing there are no outstanding monies owed to the organisation. A written summary will be provided for the County with the appropriate repaid sum of money.

League Fees

A signing on fee will be levied on all Counties participating in the Southern Youth Darts League for each season that they remain a member. The current fee is £100 which shall be paid at the AGM or prior to the start of the season.

Fines

Any county that fails to have a representative in attendance at an AGM, Mid-Season meeting, or EGM, will be subject to a £50 fine and will be advised accordingly in writing.

Any fine unpaid at the end of the season in which it was imposed will render that County suspended from playing in the League during the next season.

The match database, both home and away, must be emailed to the League Secretary by 12pm on the Tuesday following the match. Any County not adhering to this timeline will receive a £5 fine. This fine will increase for the second and third late submission by a further £5 each time. Any County not submitting its database by the deadline 4 or more times will also lose points. The point deduction will be at the Committee's discretion.

Appeals against fines will be considered by the Executive Committee for extenuating circumstances and should be sent in writing to the Committee no later than 14 days after the relevant meeting/event.

Programme Fee

All Counties shall provide a suitable programme for all HOME fixtures and a fee of £2.00 shall be charged for all players and spectators (very young children should be free of charge)

Venue

Where possible, all Counties should play their matches at the same venue as the Senior Adult County and use the facilities in place for the seniors.

If a County does not use the Senior County facilities, the following requirements should be adhered to:

1. A raised stage for playing must be available;
2. A raised oche shall be provided;
3. Suitable scoring facilities are provided which are clearly visible to both the home and away teams;
4. A minimum of one practice board per team;
5. Adequate catering facilities.

All venues should be checked to ensure that players under the age of 14 can legally be allowed into them.

The safety and well-being of all players and spectators is imperative, and it is the responsibility of each County to ensure that the facilities that they offer are of a suitable standard.

Any complaints regarding the facilities of a member County should be directed in writing to the General Secretary.

Fixtures

These will be decided upon and notified to all Counties for approval on the agenda of the AGM.

All Counties will adhere to the dates wherever possible. If amendments need to be made this must be agreed between both Counties. Any changes must be made with 14 clear days' notice unless there are extenuating circumstances.

Once a revised date has been agreed, the General Secretary and League Secretary should immediately be informed.

If an agreement cannot be made by the Counties the Executive Committee will be asked to intervene.

The last match of the season shall not be put back under any circumstances. **All** matches must be played by the last fixture date of the season. This is mandatory and the Committee will instigate points deduction and fines to either one or both teams not fulfilling its fixtures. Visiting Counties should notify the home team of their squad list for inclusion into the programme, preferably 10 days prior to the match date.

It is advisable for visiting Counties to check with the home venue if they have any special requirements (e.g. wheelchair access).

League Championship Finals & Competitions

Finals and Competitions will take place over two days. Only players involved in Finals will be permitted to practice whilst matches are in progress. Players who have completed their games will not be permitted to practice whilst matches are in progress. Member County Officers involved in the finals must ensure that this rule is adhered to. All players participating in competitions are required to mark/chalk if they lose their game or find a responsible person to do this on their behalf. If this rule is not adhered to the player will be disqualified from any remaining competitions.

This also applies to the Pairs and Triples competitions where both players in the pairs and all players in the triples will be disqualified. Players who are disqualified will not be able to participate in any further events that day. In the pairs, an under 18 and an under 21 player may be paired together, as long as there are no other relevant players available to pair up.

League Championships

A playoff between the winners of each section will take place at the competitions to ascertain the overall champions of the Southern Youth. The playing format for this will be the same as for the League Format.

Each Member County participating in the Championship Finals will be required to provide at least one Official to assist with the administration and organisation on the day. The Official will be required to wear the Official League uniform during the entirety of the event.

Singles, Pairs & Triples

To be eligible to play in these competitions all players must be registered with the Southern Section before the competition and must play in their appropriate age category. Players will be entered under Managers' discretion.

The following must be observed:

Singles – players must be under 18 on the 1st September at the start of the current season. If not, then they must play in the U21 section.

Pairs – Both players must be in the same age group (i.e. both players must be under 18 on the 1st September at the start of the current season, to play in the under 18's pairs, and both players must be 18 and under 21 on the 1st September at the start of the current season to play in the u21's

Triples – Must consist of one U18 player on the 1st September at the start of the current season, one U21 Girl and one U21 Boy on the 1st September at the start of the current season.

All member Counties will be required to submit their entries and payments by a predetermined date. All competitions will be £2 per player per comp paid for by each County. Competition entry forms must be sent to the Competition Secretary by the date noted on the entry form or they will not be allowed to enter.

If on the 1st September at the start of the current season, one player is unavailable for the triples, the remaining players may continue to compete. However, they will be required to

miss the throw of the missing player. It is not permissible to play triples with only one player, and it is also not permissible for pairs to be played with only one player.

North vs South

Each year a mixed team of U18's, U21 Girls and U21 Boys are selected by the Competitions Secretary to represent Southern Youth Darts in a match against the Northern Youth Section. These matches are typically hosted one year by Southern Youth Darts and the following year by the Northern Section. Selection is made based on the players with the top averages in each section that have played 75% of the matches for that season.

The Southern Youth will advise Member Counties of the selected players and will invite them to attend. All players are provided with a Southern Section shirt to play in and receive a token award for competing on the day.

Smoking & Drinking

1. No player under the age of 18 shall be permitted to drink or buy alcohol.
2. No person over the age of 18 shall buy alcohol for or encourage an Under 18 to drink.
3. Water will be supplied for all stage games during League matches and competitive games. No player is allowed to bring any drinks onto the stage.

Anyone proven to be in contravention of these rules faces immediate disqualification from the match or final.

Alcohol & Drug Testing

The Southern Darts League fully supports Drug & Alcohol-Free Sport and is committed to preventing drug & alcohol misuse in darts. Drug & alcohol misuse may prejudice the safety of the player and the safety of others. There is no place for the misuse of drugs in the sport of darts.

League Tables & Player Averages

Each section (U18's, U21 Girls and U21 Boys) will be awarded an additional 2 bonus points for each match that they win:

1. The member county with the highest number of 'TOTAL POINTS' will go to the top of the League Table and all other member teams will then be placed in descending order according to their 'TOTAL POINTS'.
2. In the event of a 'tie' in 'TOTAL POINTS' the member team with the most 'MATCH WINS' will go to the top of the League Table, and all other member teams will then be placed in descending order according to their 'TOTAL PONT'S'.
3. In the event of a 'tie' in 'MATCH WINS' then the team with the 'HIGHER LEGS DIFFERENCE' total will go to the top of the League Table, and all other member teams will then be placed in descending order according to their 'TOTAL POINTS'.

Note – 1, 2 & 3 shall be adhered to every time that a League Table is compiled during the season, 2 & 3 will apply for any position in a League Table should there be a 'tie' on 'TOTAL POINTS'.

Player's averages are calculated as a running average as matches progress throughout the season.

Player Shortages

In the event of a member County having less than the required number of players for a match, they will forfeit the points for the players that they are short of. The opposing team will be required to play all their players, in order that they maintain their averages for the season. If both teams are short there will be no points awarded to either side for the

relevant number of games. Where there is a shortage of players, the opposing team manager shall select an equal number of players to go into the draw. The remaining players will be required to play in order to maintain their averages, and the team will automatically be awarded a point towards their overall score regardless of the result. To fulfil a fixture, teams with player shortages shall play players again starting in the order of the match draw and continuing through the order until all vacant positions are filled. IE; the player drawn to play first will play again and so on until all games have been played. The results and averages for these games will not count.

Player Registration & Transfer

Players are required to register with a member county each season. Players may only represent the County which holds their registration. A complete list of players' names, DOB and relevant information must be sent to the General Secretary before the first game of the season. A player has the right to request a transfer at any time. A 'TRANSFER REQUEST FORM' must be completed by both Counties and sent to the General Secretary if a player wishes to transfer from one Member County to another.

Member Counties may deny a player the right to transfer if:

1. Monies are owed to the member county by the player.
2. The player has property belonging to the member county and has not returned it.
3. The player has been suspended or banned from playing for the member county. In this case the player has a '21 Day Right of Appeal' as from the date on the Transfer Request Form. The Appeal must be in writing and sent to the General Secretary. A hearing will then be convened between the player, the member county in question and 4 Officers of the League. A decision will be made at the hearing by the Officers, and their decision is final. If a player does not exercise the '21 Day Right of Appeal' they will remain banned indefinitely. If suspended, the player will be required to serve the term imposed before being able to play for or transfer to any member county.
4. Conditions 1 & 2 will only apply until the differences are resolved.

If a transfer is denied the member county should notify the General Secretary in writing with the 'TRANSFER REQUEST FORM'

Member Withdrawals

If a member team withdraws from the league and they have completed all their matches from the first half of the season, then all fixture points gained by the teams they have played will remain. Points from the second half shall be deducted. In the event of this occurring, players' averages, high finishes and 180's will remain.

Appendix 1 – Child Protection (Safeguarding)

Child Protection Statement

This statement recognises that the welfare and interests of children are paramount in all circumstances. It aims to ensure that regardless of age, gender, religion or beliefs, ethnicity, sexual orientation or socio-economic background, all children:

1. Have a positive and enjoyable experience of the sport of darts at Southern Section in a safe environment.
2. Are protected from abuse whilst participating in any Southern Section activities.

Southern Section acknowledges that some children, including disabled children and young people or those from ethnic minority communities, can be particularly vulnerable to abuse and we accept the responsibility to take reasonable and appropriate steps to ensure their welfare.

As part of our safeguarding policy Southern Youth will:

1. Promote and prioritise the safety and wellbeing of children and young people
2. Ensure everyone understands their roles and responsibilities in respect of safeguarding
3. Ensure appropriate action is taken in the event of incidents/concerns of abuse and support provided to the individual(s) who raise or disclose the concern
4. Ensure that confidential, detailed and accurate records of all safeguarding concerns are maintained and securely stored
5. Prevent unsuitable individual's involvement with Southern Section where possible
6. Ensure robust safeguarding arrangements and procedures are in operation.

The policy should be widely promoted, and we expect everyone involved with Southern youth to follow the policy.

3. As a result of any other significant change or event

Appendix 2 – Social Media

Introduction

This guidance sets out how we expect all members of the Southern Youth to conduct any online communication through social media, email or other means.

Definitions

Social media are websites and applications that enable users to create and share content or to communicate with others. The number and type of social media websites and apps are constantly changing and developing but include, amongst others, Facebook, YouTube, Twitter, Pinterest and many others. More general online communication includes email, online video (e.g. Skype) and messaging.

Principles

As youth workers our lives should be an example to the young people who know us. That means that how we behave, speak, and treat others online is just as important as how we act face to face.

Whilst online communication may be a valuable addition to our work, it does not replace the time we spend with young people in person. Our 'digital lives' – how we present and conduct ourselves online – should not be a misrepresentation or exaggeration of who we are in reality. We will always seek to be honest and truthful about ourselves online and avoid anonymous communications

The advent of social media and online communications creates new issues in safeguarding and protecting young people. We will always prioritise the need to protect young people.

Social media should only be used to communicate with young people if the following conditions are met, wherever possible:

1. Parental or carer consent should be sought when communicating with young people online or through social media
2. A record of all online communication should be kept (or archived for future reference)
3. Communication with young people online or via social media should be within sensible hours (preferably 8am-9pm)
4. Communication should not be published that is in any way considered confidential, or that is inappropriate for a young person to witness, language used should be appropriate for the audience and should not be considered offensive or abusive.

Appendix 3 - Social Network/Social Media Services

Whilst the Southern Youth reserve the right to avail itself of the opportunities available on Social Networking and Social Media services such as Facebook, Twitter and others as deemed appropriate it hereby issues the following disclaimer:

1. Any content, views, opinions and/or responses to questions uploaded, expressed, or submitted by the creators, sponsors, advertisers or users of social media services and other public forums as utilised by the Southern Youth, other than the content provided by the South Youth, are solely the views, opinions and responsibility of the person submitting them and do not necessarily reflect the opinions of the Southern Youth.

2. The Southern Youth is not responsible for content that third parties publish post, upload, distribute, disseminate, or otherwise transmit via social media services.
3. Whilst the Southern Youth will endeavor to maintain the currency and accuracy of information published via its own social media services, the Southern Youth does not warrant the accuracy, completeness, or usefulness of the information available on its social media channels.
4. Where provided, the Southern Youth acts only as a passive conduit for the online distribution and publication of user-submitted material, content and/or links and expressly does not endorse any user-submitted material, content and/or links or assume any liability for any actions of participating users
